

NASHVILLE JR CHAMBER

Bulk Membership Opportunity

NASHVILLE JR CHAMBER

The Nashville Junior Chamber was founded in 1921 for the purpose of offering civic and social opportunities for young professionals in the Nashville area. As the organization has evolved, these opportunities have changed and adapted with our community in mind. One thing remains constant over time: Nashville Junior Chamber opportunities enable members to connect with other young professionals and established business leaders while engaging in unparalleled professional development and leadership training.

Our vision is to develop the foundation for success for Nashville's young professionals.

Our mission is to develop our members *personally* and *professionally* by maximizing our *individual* and *collective* potential.

Annual Membership Benefits

- Participation in the most seasoned young professional organization in Nashville
- Free access to monthly networking mixers, professional development offerings, and civic and professional engagement opportunities
